

## BC Pet Registry Pilot Program Application

As the BC Pet Registry heads towards national expansion, we are looking for shelters and veterinary hospitals to join our pilot program and help us create a truly made in Canada pet ID solution. As we grow, we want to learn how to better serve our partners and get more lost pets home safely to their families. To meet this goal, we are offering out-of-province organizations complimentary microchips and registrations.

**Please complete the form below to be considered for the BC Pet Registry Pilot Program:**

<b>Applicant Information</b>			
Name		Email	
Phone		Job Title	
<b>Organization Information</b>
