

BC Pet Registry Grant Application

The BC Pet Registry Grant Program enables participating veterinarians and animal sheltering agencies to provide free microchips and registrations to pets with low-income guardians. Other activities considered for eligibility are public microchip clinics, spay/neuter initiatives, and feral cat identification initiatives.

To be considered, please complete the form below:

Registry Grant Questions			
1. What is your objective in applying for this grant?			
2. What experience does your organization have offering discounted or free services to low income clients?			

3. How many complimentary microchips (bundled with Lifetime registrations) would you like to provide to clients this calendar year?
4. How did you come to the estimated number of complimentary registrations needed?
5. If applicable, please describe any cat colony caretakers, communities, businesses, or individuals with whom you plan to work with to distribute these offers.
6. Did you receive microchips from us through the Grant program previously? If so, approximately how many did you receive and how many have you used?
7. Please briefly outline the steps you will take to carry out this event or program. Briefly outline staff/volunteers and their roles.

Guidelines

All interested parties must be existing BC Pet Registry Community Partners (enrolled with a BC Pet Registry account) and be in good standing in regards to invoices. In applying to the BC Pet Registry Grant Program, your organization also agrees that any information submitted regarding the details about your event or program may be used for marketing purposes.
